Farewell to
Ms. Hemalatha S

07

I Qube

J. Hariprasath shines on the National Stage with an outstanding performance at the **Tamil Nadu Speed Skating Association National Meet** held at Jawaharlal Nehru Stadium, Chennai. Competing in the Under-16 category, he secured **2 Gold Medals (Road Race 100m & Rink Race 200m)** and **1 Silver Medal (Rink Race 1000m)**.

His remarkable achievement has earned him selection for the International Competition in Indonesia, marking a proud moment of excellence and dedication.

**Tiger Book of World Records
Silambam Marathon 2KM
Participation Under-11
K.K. KIRUTHILAYA V A1
J.VAISHNAVI V A1**

Achievement in Spell Bee International Olympiad

We are proud to announce that three students

**YAZHINI.S OF CLASS 5
SARVESH.V OF CLASS 7A
DHARSHINI.Y OF CLASS 8A**

of our institution have brought great laurels by participating in the prestigious Spell Bee International Olympiad. Demonstrating exceptional vocabulary skills, spelling accuracy, and linguistic proficiency, they have achieved remarkable success at the national level.

Their outstanding performance has earned them a **National Level Award, along with a cash prize of ₹5,500**. This accomplishment reflects their dedication, hard work, and the continuous guidance provided by our teachers.

The school congratulates the achievers for their commendable success and wishes them many more milestones in the future. Their achievement serves as an inspiration to all students to strive for excellence.

Summer Adventures & Learning Fiesta – Primary Grades (1–5)

This summer was a perfect blend of exploration, enjoyment, and meaningful learning for our students of Grades 1 to 5. Each day brought a new experience, creating memories that will last a lifetime. The journey began on 1st April 2026 with a refreshing visit to Sadhuperi Park, where children connected with nature and enjoyed outdoor fun. On 2nd April, they explored history at the Melpadi Historical Temple, sparking curiosity about our rich heritage.

A truly heart-touching experience followed on 6th April, when students visited St. Maria Theresa's Home for Children, Christianpet, Katpadi. This community service activity helped them realise their privileges and taught the invaluable lesson

of sharing and empathy.

The excitement continued with a lively "Twirl & Tap Time" Dance Workshop conducted by the VIT Dance Club on 7th April, where students expressed themselves through rhythm and movement. On 8th April, they embraced adventure at Brammapuram Hills, enjoying nature trails and scenic views.

Fun met entertainment on 10th April with a special outing to PVR Cinemas, where children watched The Super Mario Galaxy Movie in 3D, making it a thrilling cinematic experience. The exploration continued on 13th April with a trip to Karimalai Hills, where students discovered fascinating caves and glimpses of modern architecture.

Water fun took over on 15th April at Kasam Swimming Pool, where laughter and splashes filled the day. The celebrations concluded on 16th April with a joyful Love Feast, promoting togetherness, gratitude, and sharing.

Alongside these exciting activities, a Bridge Course was conducted to strengthen students' foundations in Tamil, English, and Basic Mathematics, ensuring that learning continued in a fun and engaging way during the holidays.

This summer programme beautifully combined learning, life skills, and laughter, making it a truly enriching experience for every child. Indeed, it was a summer to remember!

Learning to Care: A Meaningful Community Service Experience

On 6th April 2026, our primary students (Grades 1–5) embarked on a heartfelt visit to St. Maria Theresa's Home for Children, Christianpet, Katpadi. This community service initiative was more than just a visit—it was a powerful lesson in kindness, gratitude, and empathy.

Interacting with the children at the home, our students began to understand how fortunate they are. They shared smiles, spent time together, and experienced the true joy of giving. The visit gently instilled in them the importance of caring for others and being thankful for what they have.

This meaningful experience left a lasting impression on young hearts, reminding them that even small acts of kindness can make a big difference. It was truly a day of learning beyond the classroom—one filled with compassion, connection and humanity.

Class : 6 to 8

April Magic Fiesta

The school organized a vibrant and engaging "April Month Fiesta" from April 1 to April 16, 2026. The program successfully combined academic learning, skill development, learning beyond the classroom, hands on experiences, and fun-filled activities.

A bridge course in English, Tamil and Mathematics was conducted to strengthen students' basic concepts, improve handwriting, language skills (Reading, Writing & Comprehension Skills and Vocabulary Enrichment) and build confidence for the new academic year.

Visit to Shanthi Bakery

The fiesta began with an educational visit to Shanthi Bakery where students learned baking techniques and sandwich preparation.

Visit to Vellore Fort & Museum

Students visited Vellore Fort & Museum and explored the Historical Architecture and Ancient Artifacts.

A trip to Zion Hills

A trip to Zion Hills created awareness about green practices and sustainable living.

Visit to Ultratech Cement Plant at Arakkonam

The community service visit to a school for differently abled children helped students develop empathy and social responsibility.

Movie Time – Project Hail Mary

Students also enjoyed a movie session where they watched Project Hail Mary, which enhanced their imagination and scientific curiosity. This movie session further enhanced students' observation and comprehension skills.

Visit to BHEL Sandy Market

Students gained practical knowledge during their visit to BHEL Sandy Market about local agriculture & businesses and the importance of Local Market Economy.

Visit to Melpadi Somanadheeshwarar Temple

Students visited Melpadi Somanadheeshwarar Temple, where students learned about cultural heritage and ancient architecture.

Community Service

Dance Workshop – VIT Dance Club

A vibrant dance workshop conducted by the VIT Dance Club added energy and creativity, helping students express themselves confidently. They learn move to the rhythm and discover the joy of dance .

FRIENDLY MATCHES

Sports and recreational activities included a friendly match of boys' football and girls' Kho-Kho, which promoted teamwork and sportsmanship.

Annual Day & Graduation Day

The Annual Day and Graduation Ceremony 2026 was conducted successfully on April 10, celebrating student achievements and key milestones, including the graduation of Grade X and Grade XII students. The Annual Report highlighted the year's activities, and the Chief Guest delivered an inspiring address on discipline, talent development, and focus.

Prizes were awarded to Board Toppers, General Proficiency and Subject Toppers, along with special awards for houses for IHA, March Past, Quiz, Overall championship. Best outgoing students for class 5, 10 & 12 and clean class awards were given. The program concluded with appreciation for the in-charge teachers for the smooth conduct of the event, followed by the National Anthem and dinner for all attendees.

Workshop on “Differentiated Instruction in Mixed-Ability Classrooms”

Shrishti Schools, Vellore, conducted a Professional Development Program on “Differentiated Instruction in Mixed-Ability Classrooms” on April 18, 2026, in the school auditorium. The workshop, organized in collaboration with Orient Blackswan, was facilitated by Mr. Ramprabhar, Educational Consultant and Advanced Certified Counsellor.

The session offered a comprehensive understanding of how teachers can effectively address diverse learners by differentiating instruction across key dimensions—content, process, product, and learning environment. Emphasis was placed on aligning teaching strategies with students' readiness levels, interests, and learning profiles, enabling more personalized and meaningful learning experiences.

Through practical illustrations and visual presentations, the resource person

highlighted how adapting content ensures accessibility, varying the process enhances engagement, and diversifying the product allows students to demonstrate learning in multiple ways. Creating a flexible and inclusive learning environment was emphasized as essential for fostering collaboration, confidence, and active participation.

A significant highlight of the session was the integration of student well-being as a core dimension of effective teaching. The workshop underscored the importance of nurturing emotional safety, reducing classroom stress, and promoting a positive atmosphere where every learner feels valued and supported.

The session was highly interactive and engaging, with relatable examples and activities that sparked participation and moments of shared laughter, making the learning experience both enjoyable and impactful.

Overall, the program equipped teachers with practical, student-centered strategies to simplify concepts and address varied learning needs effectively. It reaffirmed the institution's commitment to inclusive education, teacher well-being, and excellence in classroom practice.

Happiness Program

Teachers from Shrishti Matriculation, Vidyashram, and Padasala stepped away from their classrooms to reconnect with themselves during a 4-day Advanced Meditation Program organized by the Art of Living (April 16–19). Guided by Swami Virupaksha and yoga facilitators Mr. Senthil and Mrs. Anitha Senthil, the retreat provided a meaningful space for silence, reflection, and renewal.

Through meditation, yoga, breathing practices, and mindful silence, 42 educators experienced deep rest, clarity, and emotional balance. This pause from daily demands helped them release stress, reset mental patterns, and cultivate mindfulness. The program strengthened patience, empathy, and purpose—essential qualities for impactful teaching. Teachers returned with renewed energy and focus, ready to foster calm, supportive, and engaging learning environments, reinforcing the school's commitment to holistic education.

A Footprint That Inspires – Farewell to Ms. Hemalatha S

With a mix of pride and heartfelt emotion, Shrishti Matric. Hr. Sec. School bids farewell to Ms. Hemalatha S, the first faculty member to retire from Matric - a moment that marks not just the end of an era, but the celebration of an extraordinary journey.

With an illustrious teaching career spanning 36 years, including 18 remarkable years at Shrishti Matric, Ms. Hemalatha has been a pillar of academic excellence and dedication. As a legendary Social Studies educator, she has consistently guided students to outstanding success, producing numerous centum scorers and securing three State Ranks—a testament to her passion, commitment, and mastery of the subject.

Beyond the classroom, Ms. Hemalatha's contribution extends into the literary world as an author of several educational books, enriching young minds far and wide. Yet, what truly sets her apart is not just her achievements, but her grounded nature, humility, and nurturing spirit.

At her retirement celebration, the Head of Schools beautifully captured what everyone feels—describing her as a perfect teacher, full of grace, and expressing that the school will truly miss her presence. Indeed, across the Shrishti family, there is a shared sense of admiration for her unwavering dedication, sincere love for teaching, and deep sense of duty. Her commitment has never wavered, and her passion has always shone through in everything she does.

To her colleagues, she has been a wonderful mentor, always ready to guide with wisdom and kindness. To her students, she has been an inspiration, shaping not only their academic paths but also their values and character.

Her legacy is not merely in the accolades she leaves behind, but in the countless lives she has touched and transformed.

Dear Ma'am,

Your dedication, grace, and quiet strength will continue to echo in the corridors of Shrishti. You are deeply cherished, and your absence will be profoundly felt.

Wishing you a retirement filled with peace, joy, and the same warmth you have so generously given to others.

Summer Sports Camp – A Celebration of Energy and Excellence

Free Coaching Camp for Shrishtians

Shrishti proudly commenced the Free Summer Sports Camp on April 20, marking the beginning of an exciting journey filled with energy, enthusiasm, and sporting spirit. The camp was thoughtfully organized by our PT department to provide students of Grade 5 to 9 with a vibrant platform to enhance their physical fitness, sharpen their skills, and experience the true essence of teamwork.

The campus came alive with activity as students eagerly participated in a variety of sports, including Football, Volley ball,

Athletics, Basket ball, Kabbadi, Judo etc. Each day began with warm-up sessions, followed by structured drills and practice matches, creating a perfect blend of discipline and enjoyment.

Beyond physical training, the camp instilled essential values such as perseverance, sportsmanship, and collaboration. Under the guidance of dedicated PT teachers, students were encouraged to challenge themselves, build confidence, and discover their potential.

Careful arrangements, including adjusted

transport schedules, ensured smooth participation for all students. The well-planned execution of the camp reflected the institution's commitment to holistic development.

The Sports Summer Coaching Camp proved to be a truly enriching experience, leaving students energized, motivated, and inspired. It beautifully captured the spirit of "Train – Play – Win – Repeat," making it a memorable highlight of the season.

THAVANESH (IX B)

A Day Without Internet

Imagine waking up one morning and finding that there is no internet—no Wi-Fi, no mobile data, and no social media. At first, it might feel strange and even a little scary.

Without the internet, our daily routine would completely change. No checking messages, no online classes, and no quick Google searches for homework. We would have to depend on textbooks, notes, and teachers for learning. It might take more time, but we would understand things better.

A day without internet would also give us more free time. Instead of staring at screens, we could play outdoor games, read books, or spend time with family and friends. Conversations would become more real and meaningful.

However, there would also be challenges. Communication would be slower, and we might miss important updates. Many services we depend on, like online payments or maps, would not be available. Even with these difficulties, such a day could be refreshing. It would remind us of a simpler life and help us realize how dependent we have become on technology.

I feel that a day without internet might actually be a good experience. It would help me focus more, think independently, and enjoy life beyond screens.

- Akshaya Sri (VI A)

The Incredible Ink

Ink is a powerful part of our daily school life. We use it to write notes, complete homework, and print books, yet we often forget how important it is.

Ink has been used for thousands of years. Earlier, it was made from natural materials like plants and charcoal, but today it is created using modern technology for different tools like pens and printers.

Ink helps preserve knowledge and makes communication possible. Without it, there would be no books, records, or written

work. It also allows us to express our ideas and creativity clearly.

In today's digital world, ink still plays an important role. Even though we use computers and mobile devices, ink is used in printers to produce study materials and important documents. Digital pens and styluses also use electronic ink, combining traditional writing with modern technology. Beyond school, ink is used in art, medicine, and security. However, we should use it carefully and avoid wasting it to protect the environment.

As a student, I realize that ink is not just something in my pen—it is a tool that helps me learn, grow, and share my ideas. It may be simple, but it is truly incredible.

- Sagashra.K.G (VIII A)

கோடை காலம்

கதிரவன் தீயாய் காயும் நேரம், காற்றும் கூட வெப்பம் சேரும் வேளை.

வெயிலின் தீண்டும் பூமி சுடும், விழிகளும் நிழலைத் தேடி நடக்கும். மாம்பழம் மணம் வீசும் காலம், மரங்களின் நிழல் தரும் நிம்மதி தளம்.

குளிர்ந்த நீர் ஒரு இனிய சுகம், கோடை தரும் சிறு சந்தோஷம்.

வானம் நீலத்தில் தீப்பொறி போல, வெயில் ஒளி வீசும் வெள்ளை வெளியில்.

கோடை காலம் கடினம் என்றாலும், கனி நிறைந்தது அதன் தனி உலகம்.

- சரண்யா. ஜி (VIII B)

Playful Paths to Bright Futures

Learning Through Play: Why It Matters in Kindergarten

“Play is the heart of early learning!”

In a kindergarten classroom, play is not just fun—it is how children learn best. When learning feels enjoyable, children stay curious, active, and engaged. Through play, they explore new ideas and understand concepts naturally without pressure.

Simple activities like blocks, puzzles, and rhymes help build thinking and problem-solving skills.

Group play encourages sharing, communication, and teamwork, which are important for social development. Creative activities like drawing and storytelling boost imagination and confidence, while physical play improves motor skills and coordination.

Play also helps children develop language skills as they talk, listen, and express their ideas during activities. It strengthens attention and memory, helping them focus better. Teachers can guide learning in a gentle and fun way, making every child feel included and valued.

Most importantly, play creates a happy and stress-free environment, where children feel safe and excited to learn every day.

Play+Try= I Can!

When children learn through play, they grow smarter, happier, and more confident!

- Ms. M. Megala
Kindergarten Teacher

Life in the Future

Have you ever imagined how life will be in the future? It will be exciting, advanced, and full of amazing changes. As Albert Einstein once said, “The measure of intelligence is the ability to change.” The future will truly reflect this change.

Robots may help us with everyday tasks like cleaning, cooking, and studying. Homes will become smart, controlling everything automatically, and travelling could become faster with flying cars and high-speed transport. “The future

depends on what we do in the present,” said Mahatma Gandhi, reminding us that today’s actions shape tomorrow.

Education will transform through virtual classrooms, 3D learning, and easy access to study materials anytime. Healthcare will also improve, helping people live longer and healthier lives.

However, there may be challenges like pollution, climate change, and over-dependence on technology. As Stephen Hawking warned, “Intelligence is the ability to adapt to change.”

The future is full of opportunities. If we use technology wisely and care for our environment, we can build a happy, safe, and successful world for everyone.

- Ms. N. Joyce Mercy
Kindergarten Teacher

Science Breakthroughs

Scientists from the Cassini mission discovered new organic molecules in fresh ice plumes from Enceladus. These particles come directly from its underground ocean and contain key elements like nitrogen and oxygen.

This shows active organic chemistry is happening, increasing the chances that Enceladus could support life.

Topic - Signs of Life: New Findings from Enceladus.
