Best Goalkeeper Award was bagged by VEDESH of 8A.

Reaching for the Stars

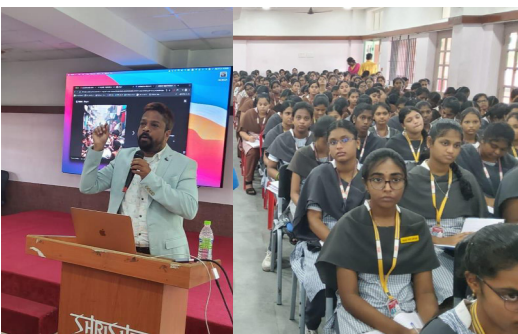

The Principal ‘rolled out the red carpet’ for Board exam Toppers, felicitating their outstanding achievements and ‘reaching for the stars’ with their exceptional performance.

Painted the town red - Inter School Art Competition

The Department of Pulmonary Medicine at CMC Vellore’s Ranipet Campus ‘Painted the town red’ on World Allergy Week (June 26, 2024) by hosting an inter-school art competition, where students from Shrishti Matric. made their mark by winning several prizes in both junior and senior categories. The celebration continued with a seminar for teachers, graced by Mr. Venkatraman G, HOD of the Biology department.

Paved the way - Career Guidance Program

AI Career Guidance Program, led by Srinivasan Ramanujam, laid a strong foundation for our students’ future in AI. He paved the way for them to explore career paths and opportunities, providing valuable insights and expertise.

Spread their wings - Investiture Ceremony

The school Investiture Ceremony was a resplendent affair, marked by the arrival of the esteemed Chief Guest, Dr. Korah T Kuruvila, Professor and Head of Cardio thoracic surgery, CMC. who was warmly welcomed by the School Council with a synchronized marching escort towards the stage. With the solemnity of a sacred ritual, the four House Captains and office bearers stepped forward, their eyes glow with determination, to take the oath, as they pledged to uphold the values.

The Head of Schools and the Chief Guest then regaled the assembly with words of wisdom, reminding the young leaders that with great power, comes great responsibility and that they must hold the reins of leadership with a firm yet gentle hand.

As the sashes and badges were presented, the newly invested leaders shone like beacons of hope, their faces set with a fierce resolve to scale new heights and leave an indelible mark on the school's legacy.

The ceremony culminated in the lighting of candles, symbolizing the illumination of the path ahead, and the oath-taking, a promise to tread the path of righteousness and uphold the torch of excellence. In this grand spectacle, the school's future leaders spread their wings, ready to take flight and soar to dizzying heights, their hearts afire with the passion to make a difference.

- Mr. Arun (Dept. of English)

Edutalk 3.0 Cell-ebriety Chat

Shrishti Schools, successfully hosted Edutalk 3.0: "Cell-ebriety Chat", presented by the Department of Biology. The event took place on July 26, 2024 at the Shri Manu Makhija Auditorium. Dr. Thiyagaraj Mayuranathan, Dr.D.Kamalakaran, Dr.Subashini, and Dr.C.Justina Sasi Rekha from different fields such as Stem cells, ophthalmology, ENT & Dentistry were the resource persons & topics such as basics of stem cells, ocular effects due to excessive screen time, function of human ears & Care and dental awareness were discussed. It was an interactive session in which the students participated actively.

-Ms. Vimal Supraja, (Dept. of English)

கல்வி வளர்ச்சி நாள்

தமிழ்நாட்டின் கல்வி வளர்ச்சிக்கு அரும்பாடுபட்ட கர்மவீரர் காமராசர் அவர்களின் பிறந்த நாளான ஜூலை திங்கள் 15ஆம் நாள் கல்வி வளர்ச்சி நாளாக சிருஷ்டி பள்ளியில் கொண்டாடப்பட்டது. கர்மவீரர் காமராசர் என்னும் தலைப்பில் பேச்சுப்போட்டி, ஓவியப்போட்டி, கவிதைப் போட்டிகள். என பல்வேறு போட்டிகள் நடைபெற்றன. போட்டிகளில் பங்கேற்று வெற்றி பெற்ற மாணவர்களுக்கு தமிழர்த் திருநாள் கொண்டாட்டத்தின் போது பரிசுகள் வழங்கப்பட இருக்கின்றன. தமிழ்த்துறை சார்பாக நடைபெற்ற இவ்விழாவில் பள்ளி முதல்வர் மற்றும் துணைமுதல்வர் பங்கேற்று வாழ்த்துரை வழங்கினார்கள்.

- திரு ஆ.மணிமேகன் (Head Dept. of Tamil)

A picture is worth a thousand words - Emoji Day

Students of Class 6 to 8 celebrated Emoji Day in a vibrant way. This event aimed to highlight how emojis have become a universal language to communicate emotions and ideas quickly and creatively. Various programs and activities were organised like Decoding, express your emotions, skit and dance on emotions, emoji vegetable carving etc. Students participated actively.

Mr. Venkatraman, Dept. of Biology delivered an emphasizing speech on emotions, Ways to express emotions in a positive way and to control emotions.

Our Principal interacted with the students about their take aways and discussed the ways to control emotions and build healthy relationships.

Pulling out all the stops - Parents' Visitation Day

We hosted a Parents' Visitation Day for various classes, aiming to strengthen parent-school relationships. Parents engaged in class activities with their kids, gaining insights into our teaching methodologies and classroom dynamics. By opening the doors to our children's classrooms, the school is pulling out all the stops to ensure we're all on the same page, and it's making a real difference. We received positive feedback, highlighting the importance of such events in building strong relationships between parents, teachers, and school management.

Colours Galore

Colours Day at Shrishti Matric Kindergarten

Shrishti Matric Kindergarten celebrated its annual Colours Day from 16th to 26th July 2024, transforming the school into a colourful celebration. Each day, a different colour took the centre stage, filling the classrooms with excitement and learning. The students explored various colours, from the energy of red to the calmness of blue, and the brightness of yellow to the elegance of black and white. Through activities, art, and dress-up, they developed their creativity and gained a deeper understanding of the world around them. Colours Day ends with smiles on the children's faces and colourful displays of their creations.

The icing on the cake

We celebrated World Chocolate Day on July 10th with a sweet array of events! Students from LKG to Grade 5 participated in activities like ramp walks, fancy dress, craft, drawing, chocolate making, and talk shows. The events were the icing on the cake, making learning a delightful experience. Quiz for Grades 6-12 followed, with winners receiving chocolate hampers. The celebration highlighted the importance and health benefits of chocolate, making it a treat for all.

- Ms. Ira. R (Dept. of English)

S. MANNISHWARAN (VIII B)

A Curious student.

In the quiet of the classroom, you sit,
A spark of curiosity, bit by bit.
My eyes, they tell a story, deep and true,
Of battles faced, and dreams I pursue.
Each word, a mountain,
I strive to climb,
Patience and courage, my rhythm, and rhyme.
I see the effort in your steady gaze,
In every question, in my learning.
My pace may be gentle, my steps may be small,
But the journey I embark on is grand after all.
My teachers are here, who guide, who are my mentor, my friend,
With every stumble, with every bend.
Together I'll conquer the lessons, the fears,
With every triumph, with every cheer. I determine fuels my teaching soul,
In my success, I find my goal.
So I embrace this path, hand in hand,
For me in the growth, where I will stand.

- Taqqiya (VIII A)

The Key to Our Future

In a world so vast and wide,
Education is our guide.
Books and pencils, words and dreams,
Open doors to endless streams.
Math and science, history too,
Help us see the world a new.
Every lesson, every test,
Shapes our minds, makes us our best.

- Kaviya (VII A)

My Journey at Shrishti so far..

When I first joined Shrishti, I was super nervous about how everything would turn out. I worried about making friends, fitting in, and keeping up with my studies. But from the very first day, the school has been a total surprise! The teachers and students have been so supportive and encouraging, it's like a big, happy family. I'm loving every bit of it - the classes, the activities, everything! I feel so lucky to be here and I just know that my time at Shrishti is going to be absolutely amazing!

- T.Veekshana Reddy (XI A1)

கல்வி

கல்வி என்ற மூன்றெழுத்து உள்ளவரை பள்ளி என்ற முன்றெழுத்து உள்ளவரை உணவு என்ற மூன்றெழுத்து உள்ளவரை தொண்டு என்ற மூன்றெழுத்து உள்ளவரை புகழ் என்ற மூன்றெழுத்தும் நிலைத்து நிற்கும். நாடு முன்னேற பல திட்டங்கள் வகுத்தார் குறிப்பாக கல்விப்பணிக்கே, ஆக்கமும் ஊக்கமும் அளித்து மகிழ்ந்தார். மூடப்பட்டிருந்த பள்ளிகளை திறந்தார். அறிவுப் பசிக்கு கல்வியும் வயிற்றுப் பசிக்கு அன்னமும் கொடுத்த அற்புத மனிதர். அவரின் பிறந்தநாளை "கல்வி வளர்ச்சி நாளாக" கொண்டாடுவதே நாம் அவருக்கு செய்யும் நன்றிக்கடன்.

- Swathi (X B)

தன்னம்பிக்கை

தன்னம்பிக்கை இல்லாதவனிடமும் மன உறுதி இல்லாதவனிடமும் எத்தனை ஓட்டகம் இருந்தாலும் ஒரு பாலவனத்தை கடக்க இயலாது. ஒரு நாள் பூனைக்கும் எலிக்கும் ஓட்டப்பந்தயம் நடந்தது அந்த ஓட்டப்பந்தயத்தில் எலியே வெற்றி பெற்றது ஏனென்றால் பூனை உணவுக்கு ஓடுகிறது எலி உயிரைக்காப்பாற்றிக்கொள்ள ஓடுகிறது. எந்தச் செயலாக இருந்தாலும் ஆரம்பம் கடினமாகத்தான் இருக்கும் விடாமுயற்சியுடன் இருந்தால் வெற்றி நிச்சயம் விடா முயற்சியே விஸ்வரூப வெற்றி.

முயற்சியே விஸ்வரூப வெற்றி.

- அ.நிரஞ்சனா (VI A)

Miracles of Mathematics

Mathematics often feels miraculous in its ability to unlock secrets of the universe. From predicting planetary movements to optimizing complex systems, its precision transforms chaos into order. Consider cryptography, where intricate algorithms safeguard digital communication, or fractals, revealing patterns in nature. Mathematics also underpins technological marvels like AI and medical imaging, turning abstract theories into life-saving tools. Its elegance lies in turning the seemingly impossible into achievable reality, showcasing that with the right equations, miracles can indeed be made.

Fibonacci numbers and Fibonacci ratios are found frequently in nature. Some examples are the number of petals on flowers, the ratio of the whorls on a pine cone, and leaves on the stems of a flower.

The golden ratio, also known as the divine proportion, is a special number (equal to about 1.618) that appears many times in geometry, art, and architecture. The golden ratio is found when a line is divided into two parts such that the whole length of the line divided by the long part of the line is also equal to the long part of the line divided by the short part of the line.

Life skills : Learning math enhances problem-solving skills, logical reasoning, critical thinking, and analytical abilities, essential for everyday decision-making which is the need of the hour in this fast running world and the younger generation must be nurtured.

- Ms. TAMILARASI
Dept. of Mathematics

The Essential Role of Parents

In the busy schedule of daily life, we often overlook the profound impact we have on our children. As parents, our responsibility extends beyond providing for their basic needs.

One of our most crucial roles is to teach them respect.

Respect is not an innate trait; it is cultivated through consistent guidance and exemplary behaviour from parents. Children are incredibly observant and impressionable, often mirroring the actions and attitudes of those around them.

Positive Parenting

is Wise, Timeless, and Kind...

It **TEACHES**, instead of making demands.

It seeks to **UNDERSTAND**, instead of labels.

It **BOOSTS** up, instead of knock down.

Most of all, it **MODELS** being the kind of person that I want my child to become:

Respectful, Caring, and Understanding.

If we want our children to be respectful, we must first model respect in our own interactions—whether with family members, friends, or strangers.

When parents set and maintain standards for respectful behaviour, children learn what is acceptable and expected. However, these standards must be reinforced through our actions.

It is not enough to instruct our children to be polite and considerate; we must also demonstrate these qualities in our daily lives. For instance, how do we react when frustrated or upset? Do we maintain a calm and respectful manner or do we let our emotions lead us to disrespectful behaviour? Our children are watching and learning from these moments.

Praise and acknowledge your child when they demonstrate respect. This reinforcement helps them understand the value of their actions and encourages them to continue behaving respectfully. On the other hand, when disrespectful behaviour occurs, address it calmly and constructively. Explain why the behaviour is unacceptable and discuss better ways to handle similar situations in the future. This approach not only corrects the behaviour but also provides valuable lessons in empathy and understanding.

Through our efforts, we can nurture a generation that values respect, empathy, and understanding—a generation that will carry these essential qualities forward into the world.

- Ms. SHOBIA SANGEETHA. A
Dept. of Biology

Language Lounge

1. Painted the town red - to go out and have a great time, often in a social setting.
2. Reaching for the stars - to aim high, set ambitious goals, and strive for excellence. It encourages people to be aspirational, dream big, and push themselves beyond their limits.
3. Spread their wings - to become independent / Take control of one's life / Explore new possibilities.

4. Paved the way - to Create a path or opportunity for others to follow.
